An act to amend Section 38000 of the Health and Safety Code, relating to public social services.

LEGISLATIVE COUNSEL'S DIGEST

AB 2634, as introduced, Garrick. Public social services: direct service contracts.

Existing law provides that it is the intent of the Legislature, with respect to direct service contracts of the departments within the California Health and Human Services Agency, that the contract approval process and payment for services rendered occur within specified timeframes.

This bill would make a technical, nonsubstantive change to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
